Note to Phvsician:	Treat symptomatically and supportively.

If patient ingests this material, consider to stomach lavage or use active carbon.

Section 5: Fire Fighting Measures

- Extinguishing Media:** Use water spray, dry chemical, carbon dioxide, or alcohol resistant foam.
Do NOT use solid water stream as it may spread fire.
Use water to cool exposed containers.
Containers may explode in the heat of a fire.
Move fire-exposed containers, if safe to do so.
- Special Protective Equipment:** Wear a self-contained breathing apparatus MSHA/NIOSH (approved or equivalent), and full protective gear.
- Specific Hazards:** Fire residues and contaminated water must be disposed of in accordance with local regulations.

Section 6: Accidental Release Measures

- Emergency Procedures:** Wear personal protection equipment.
Avoid contact with skin, eyes and clothing.
Avoid breathing vapors, mist or gas.
Ensure adequate ventilation.
Keep unnecessary personnel away.
Remove all sources of ignition.
- Environmental Precautions:** Prevent further leakage or spillage if safe to do so.
Do not let product enter soil, ditches, sewers, waterways, or groundwater.
- Methods of containment/cleanup:** Absorb with inert materials and place into appropriate containers for disposal.
Large spills should be collected mechanically (remove by pumping) for disposal.
Use water and detergent to wash the contaminated ground.
Collect the wastewater to be disposed at a wastewater processing station.
Notify appropriate authorities and dispose of in accordance with applicable requirements.

Section 7: Handling and Storage

- Handling:** Wear personal protection equipment.
Avoid contact with eyes, skin and clothing.
Avoid ingestion and inhalation.
Use only in well-ventilated area.
Wash thoroughly after handling.
Empty containers retain product residue (liquid and/or vapor), and can be dangerous.
- Storage:** Store tightly closed container in a cool, dry, well-ventilated area away from direct sunlight.
Keep isolated from incompatible materials.
Keep away from heat, sparks, flame and other sources of ignition.

Section 8: Exposure Controls / Personal Protection

- Exposure Limit:** No exposure limits established.
- Engineering Controls:** Use adequate ventilation to keep airborne concentrations low.
An emergency eye wash/shower must be readily accessible to the work area.
- Personal Protective Equipment:**
- Respirators:** Follow the OSHA respirator regulations found in 29 CFR 1910.134. In confined areas, use a self-contained breathing apparatus.
